

Finding specific **items** and **services**.

Click on "**Categories/Items**"

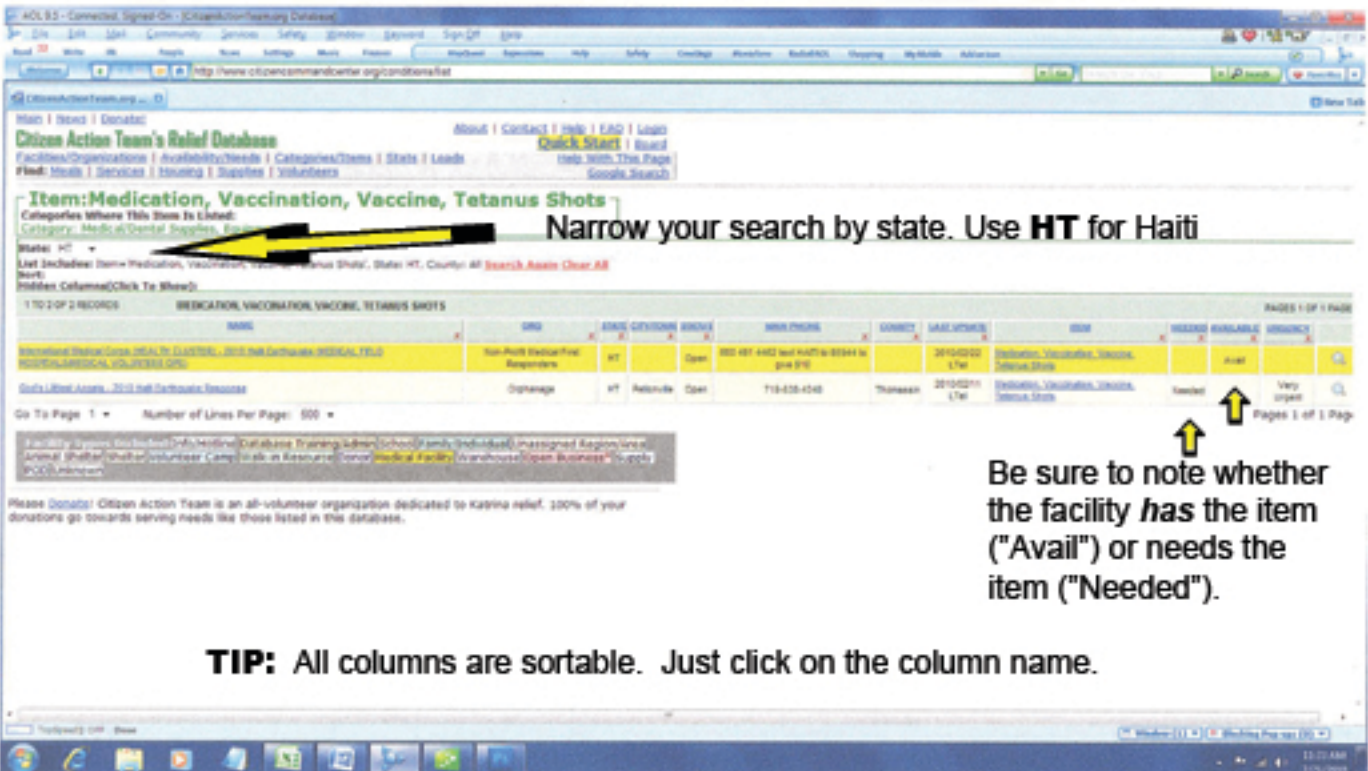

Scroll down and click on category like "**Medical/Dental Supplies, Equipment, RX**"

Click on "**show**" (magnifying glass icon). Ignore numbers in columns

You will get a list of showing facilities that have listed that item as "**Needed**" or "**Available**"

Narrow your search by state. Use **HT** for Haiti

Be sure to note whether the facility *has* the item ("Avail") or needs the item ("Needed").

TIP: All columns are sortable. Just click on the column name.
